

You are invited to view initial proposals for the expansion of Roarr! Dinosaur Adventure.

We are developing sketch proposals and exploring opportunities for an expansion to the theme park onto underutilised land to the west.

Alongside continuous improvements to themed areas and equipment the park has received regular investment over the years.

New proposals to expand the park will represent one the parks most significant investments to date bringing with it significant economic benefits to the region and an opportunity to improve important habitats and ecology at this location.

Representatives of Roarr! and the development team will be available to answer questions on site at a consultation event taking place on **23rd & 24th June 2021.**

Location: **Overflow car park - Roarr!**

Time: **between 4pm and 8pm**

HAVE YOUR SAY

We welcome your views and will review your comments. These will be summarised as part of the planning submissions going forward and may be incorporated into the design.

The presentation will also be available to view on the following websites where a feedback form is also provided:

<https://www.chaplinfarrant.com/news/roarr>

<https://tinyurl.com/xz9d5zne>

Due to the current COVID situation, we will be providing a public exhibition within separate gazebos on the Roarr! site, viewable via a time-slot and limited to 6no. people per group.

To book a 30 minute time slot to view the presentation at Roarr!, where you'll also be able to meet the team, please email roarr@chaplinfarrant.com or phone 01603 700000.
